Riverbend Facilities Incident Response Procedure

Version 1.4

Fictional document prepared for a classroom evaluation of NotebookLM. Riverbend Corporate Campus does not exist.

1. First contact. The Facilities help desk is the first point of contact for all incidents. The Accessibility and Inclusion team handles accessibility incidents.

2. Response times.

Incident type	Required response
Hazardous disposal	Immediate. Call the on-site emergency contact within 15 minutes.
Water leak	Make safe within 4 hours. Full repair within 48 hours.
Energy left on in an empty room	Switch off by the next business day.
Contaminated recycling	Replace the bin within 2 business days.
Blocked accessible path	Clear within 24 hours.

3. Escalation. If an incident is not acknowledged within 2 hours, it is escalated to the Head of Facilities. Any report involving risk to people is sent to the Emergency Referral process immediately.

4. Records. Facilities records the incident type, the building and the time of each report.
